## PA POWER ACTION DISPERSANT RJ-2001

**RJ-2001 is a synergistic, general purpose dispersant for use with most metalworking fluid systems. This product provides outstanding performance and compatibility with various fluids including vegetable, synthetic and semi-synthetic oils.**

**RJ-2001 was developed with a synergistic blend of green chemistries for high performance.**

**RJ-2001 is based on new organic complexes which are specifically formulated to for high efficiency in emulsifying and corrosion resistance Of most oils and feed-stocks used in metalworking.**

**RJ-2001 is modified to effectively clean off with the emulsion in the metal preparation solution and will not cause problems with coatings and other processes.**
